Below M. Officer's report no. 175 of 2/11/18
stating there is that Mr. V. B. Shiddapur, who
is working in the Dispensary as a ~~Candidate~~
may be appointed as an asst. Compounder
at a lesser rate. ~~8000~~ rising to Rs 12
by an annual increment of Rs 1 & the
present order may be ordered to work as a
peon on the present pay.

100 2 of 1918.

Respectfully submitted for favourable
consideration.

2. The Medical Officer makes proposals
which seem suitable from several points
of view & the M.O. agrees with him.

3. The efficiency of the dispensary staff
will, no doubt, be increased. There will

always be a hard to do dressing work & to
rely on the compounder when there is
~~pressure~~^{pressure} of work & when the latter goes
on leave.

4. Trained hands are not always available,
A man, who has combined in him the
knowledge of dressing & compounding,
is likely to be an acquisition to the dispensary.

5. One important feature of the proposal
is that it involves no extra expenditure, &
so far, to the State & at the same time
we get a man to fill up the place.

Of a person which has been vacant
for a considerable ^{time} past, obviously to
the inconvenience of the M. Officer.

6. The Up understands that Mr. V. B. Shiddapur
when officiating as Patil of Shiddapur
was in trouble & that his services were
disputed with. In view of his present
good moral character conduct testified
to by the Medical Officer & his prospective
usefulness to the Dispensary, his —
appointment as an assist. Compounder
& a dresser may kindly be sanctioned.

The Medical Officer

Savanur State;

To,

Meherban Lt. Nawabsahib P. B.

Savanur State:

(Through the Dewan of Savanur State).

Sir,

I beg to submit for your indulgent consideration the following proposal with a view to augment the efficiency of the staff of the Savanur Dispensary which is growing in popularity & far after & on.

2. The post of a peon is at present vacant & owing to high prices and increasing demand for garden labour in Savanur especially, no one could be got to fill it up. The present dresser having to do both the duties of a peon & those of a dresser the dispensary

work suffers to the no small incon-
-venience & annoyance of the Medical
officer & his staff generally and
of the patients especially. I would
therefore respectfully suggest that
Mr Deukaer's B. Sida'ner who has
been attached to the Dispensary as a
candidate & who is helping the Compounder
in his compounder's work be appointed
as an assistant Compounder & a dresser
at Rs 8/- per mensem, that Bairam
the present dresser - who is only a
beginner & whose work in the matter
of dressing is not quite up to the
mark - may be allowed to revert to a
lower post. Being inefficient, he cannot
be expected to work more efficiently.
He will in no way suffer as the pay
of the persons in the State has been
raised from Rs 7/- to Rs 8/-. He will
continue to get the same pay (as person)
which he got as a dresser viz Rs 8/-.

3. It will thus be observed that the proposal involves no extra expenditure to the State, but it will decidedly add to the efficiency of the Dispensary staff. Instead of a dresser the Dispensary will have the advantage of having a dresser with the qualifications of a compounder.

4. Mr D. B. Sidapur is a trained compounder & does his work satisfactorily. I have much pleasure in saying that I found him morally well conducted during the time that he has been under me. It is not easy to obtain trained hands in case of an emergency, & during the absence of the compounder on leave &c., he will do both the work of a dresser & a compounder.

5. In case Mr Sidapur does his work satisfactorily he may be given, after a short trial, an

movement of 'Re 1' - 'to the 1/2' -

I have the honour to be,

Sir,

Your most obedient servant,

D. K. S.
